SUPERINTENDENT'S MESSAGE

TO THE ANNUAL STAFF AND STUDENTS OF B. P. H. S.

Another year has gone by, and I wish to congratulate all of you on accomplishing more than any one could wisely expect. This is my fourth year at Big Piney, and each year I see the Student Body go further than the previous group.

On the pages of this book the Annual Staff has portrayed the happenings and progress of the whole Student Body. It is, indeed, a pleasure to tell all of you, "Congratulations for a job well done. You can be no prouder of the work you have finished than I am for having had the opportunity to be associated with you while you were doing it."

- I, Patsy Kothe, will my ability to be late and get into trouble to anyone who is clever or smart enough to get out of it.
- I, Barbara Lewis, being very willing, but having very little to will, am taking the very little that I have with me.

PROPHECY

One nice spring day as I was passing through some Texas Country I saw a ranch with a large rambling house, and cattle, horses and oil wells all over. From the house there came a chorus of cheers and the tune to "Anchors Aweigh." Being curious I strode over and was greeted by the owner, a famous Texas oil and cattle man, Frank Fear. He invited me in and introduced me to his fellow classmates.

There was Bettie Budd who was a famous teacher in New York and on the sidelines a piano player in the Waldorf. Next I met Gary Thompson. Gary was a famous geologist now. Then came Wayne Griggs, Wayne had always wanted to be an engineer and now he was chief engineer on the Colorado River Project. Barbara Lewis who is a graduate nurse is now at Mayo Brothers' Hospital very busy working. Fred De Graw a famous General in the army, was there with all of his many ribbons and medals. Bob Tanner, the football and basketball captain was now the outstanding player on the Notre Dame Team. Eleanor Stepp, a registered nurse, was working for Lela Gurney, now a doctor.

Darlene Vickrey had made marriage her career and now had small children; she and the childrens teacher, Patsy Kothe, were there. Ron Mahaffey was doing dental work and offered the whole class a work over free. Dave Pitchford had taken the place of Elvis Presley and was now the number one recording star of the nation. Steve Eichblatt was now setting up another of his many companies all of which are a success. Bob Shinsels was working hard at his painting, already many have been placed in the New York Art Museum.

This is the story of the class of '57 as seen in 1977 twenty years after graduating. We hope they all reach success.
