SENIOR CLASS WILL

I, Bill Bell, will my ability to play Football to Mouse Daniels hoping he has as much fun as I did. My love to Nancy Pitt. I will my black hair to my sis Cathy because she wants it worse than I do, my sideburns to Ted Roberts because he can't seem to grow any and I will my ability of wearing this cast to anybody who likes it better than I do.

I, Robert Smith, will my height to Mouse Daniels and Ted Roberts hoping that they split it evenly.

I, Bruce Barton, hereby will my position as Class President to Allen Bradley.

I, Janice David, will my crazy mixed up ways to any crazy mixed up person that is mixed up and crazy enough to want them.

I, Alyss Alexander, will my job as FHA President to anyone brave enough to accept it and my job as Librarian four periods a day to any person who is crazy and lazy enough to sit in there half a day and freeze to death.

I, Mike Albee, will my job of Student Council President to any Junior with enough Brains and Ambition to hold it and sincerely hope that he or she will do a good job.

I, Judy Stewart, will my religious, church going ways to Winnie Milburn, my earrings to anyone who wants them, and my clothes to anyone who needs some.

I, Dick Schaffer, having nothing to will but Poor Grades and being unwilling to will them upon anyone, believe that I will take that little I have with me.

I, Gordon Bray, will my position on the Football team to Butch Ward.

I, Nelson Whitman, being of sound mind do hereby will my bus driving job to Spot Bradley. May he enjoy it. Also I leave my ability to sleep in Study Hall to anyone who needs the rest.

I, Elton Clow, will my habit of missing school to anyone who thinks they can get away with it, and my car to Bobby Wilson hoping he gets along better with the girls than I did.

SENIOR CLASS PROPHECY

On my way to one of the many Airline Conventions to which I attend, I decided to stop by at the Big Piney Municipal Airport and see if any of my old classmates were still around.

As I stepped down from my Jet Airliner, I noticed, and was quite surprised to see the change in just the airport itself. Then I happened to see some large trucks running around with E. E. Clow, Construction on the doors. From what I understand Elton Clow has made his millions already and is nearly ready to retire. Later as I checked into the hotel I was shocked to find that Nelson Whitman was directing a well known Television Program, which was entitled "Whitman's Penny A Minute Program."

After finishing with his program, I met him at the TV station and we had dinner together. We started talking about the good old days at BPHS, when he informed me that Janice David was a nurse in the dense jungles of Africa. Life isn't too important there!

Then came the subject of Mike Albee, he, I was told, was an engineer in Pakistan with a big oil company. It is said that he had just bought a new Rolls Royce for each of his three children and wife Kathy. We also found out that Bill Bell is the new Worlds Champion Wrestler, and instead of being called "The Bat," they call him "The Bull."

Then came Alyss Alexander, who is working for the Texas Co. and is happily stationed in Anchorage, Alaska. Our well known Bob Smith is working for the government as Secretary of Agriculture in the President's cabinet.

Gordon Bray is happily married, he is working for his father on the ranch as well as at the High School, where he is teaching Agriculture. Bruce Barton is in the ranching business at Arvada, his old home town. He has one of the largest herds of cattle in the country.

While I was reading the Big Piney Exterminator, I noticed an article about an old classmate, Judy Stewart, who was recently promoted to Editor of "The Fashion Magazine." Judy Stewart is the girl who worked her way up to the top as a model.

I have spent as much time as I am allowed, here with the memories and my old classmates of '58. I was really sorry to part from them, but was glad to find them all getting along with the best of health and security.
